4 Teachers Are Okayed By Board

Four staff appointments were approved by the Holland Board of Education at its monthly meeting Monday night.

They include Larry Briggance, who holds bachelor's and master's degrees from Northern Michigan University and has six years experience, Jefferson School; Dana Schultz, with a B.A. degree from Central Michigan and no experience, either Federal or Jefferson, and Susan Thomas, with a B.S. degree from Grand Valley Colleges and one year's experience, to teach the physically and otherwise health impaired room at Jefferson School.

The board also approved a permanent assignment for Gary Feenstra as principal of Jefferson School after serving as acting principal for one year. Feenstra holds degrees from Taylor University and Michigan State University and has had four years' experience.

Member Carroll Norlin, former principal of Jefferson School, expressed some concern on other fronts at having two principals teaching half days in elementary schools and suggested one be made fulltime principal of the two schools. He also expressed concern that the enrollment is down 300 in five years, yet there has been no decrease in teaching staff.

The board accepted with regret the resignations of Ella Iams who is moving to Washington, D.C., after five years here, and Jan Kabodian, special ed teacher, who is taking a special ed position with the University Hospital School in Ann Arbor. A request for leave of absence for Lois Ellis was tabled until another meeting.

The board approved a recommendation to purchase an intercom system from Electronic Sound Equipment Co. of Grand Rapids for the high school at a cost of \$18,425, and approved a contract with National School Towel Systems for towels for physical education and athletic programs in secondary schools at a cost of \$10,800.

Also approved was a recommendation to purchase the Kruid property, 141 by 242 feet, which is surrounded on three sides by the new junior high site, for \$33,500, with possession in one year. Acquisition of this property allows for better placement of the proposed building and better access to the site by school and private transportation.

Also adopted was a streamlined and less wordy purchasing manual incorporating many changes as suggested by the board at a previous meeting.

President Charles Bradford presided at the meeting and Member James Prins gave the invocation.

Two Rose Float Trophies Given

Two Tournament of Roses trophies were presented to Mayor Lou Hallacy Wednesday in City Hall council chambers in connection with Holland's float entry in the 1976 Bicentennial Tournament of Roses last Jan. 1 in Pasadena, Calif.

One was a framed color photograph of Holland's entry and the other was a "silver" plate bearing the Tournament of Roses floral symbol with the dates 1776-1976. The metal is a special alloy which does not tarnish.

Presentation was by Walter Hoefflin, assistant manager of the Pasadena association. He and other top Tournament officials are visiting every city and country that entered floats in the 1976 parade. Holland's second trophy was for the division for cities outside California with a population under 100,000.

Mayor Hallacy reviewed the swim in which Councilmen and history of the float, the finance drive which among other things included a "Tip Toe to Pasadena" drive and a celebrity City Hall staff members participated. He also acknowledged the \$10,000 donation from Tulip Time Festival, Inc.

He mentioned he had presented wooden shoes last January to Hoefflin and other Tournament officials, and on this occasion presented wooden shoe pins to Hoefflin and his sons.

Hoefflin quoted some statistics for 1976. Pasadena parade visitors totaled 1.5 million, a domestic tv count of 85 million, and a world-wide audience of 125 million covering the United States, Canada, Mexico, the Caribbean and other places which had taped telecasts rather than reviewing what would be live television in the dead of night.

The mayor planned a tour of the city plus Windmill Island for Hoefflin and his sons.

Two Men Sustain Back Injuries

Two men were listed in good condition in Zeeland Hospital Monday with back injuries they sustained in an accident this morning at the Eli Kalman residence, 2059 40th Ave., Hudsonville.

Kalman, 46, and Douglas Gitchel, 20, of Grand Rapids were roofing a barn when the conveyor on which they were transporting shingles collapsed on the men. Kalman freed himself and Gitchel was freed by neighbors.

Carl Kaniff, 58, of 389 West 21st St., was injured when the car he was driving and one operated by Stephen Richard Vander Laan, 18, of 2481 Baldwin, Jenison, collided Tuesday at 10:16 a.m. at 24th St. and Van Raalte Ave. He was treated in Holland Hospital and released. Police said Kaniff was southbound on Van Raalte while Vander Laan was heading east along 24th.

Hudsonville Man Held Following Chase by Police

GRAND HAVEN — Gregory Allen Smedley, 24, of Hudsonville, who allegedly ran at least four police road blocks in a car from Holland to Hudsonville, was held by Ottawa County deputies today.

Officers said the chase began at 152nd Ave. and Ottawa Beach Rd. at 1:11 a.m. today after deputies attempted to stop his car for a traffic violation.

Deputies said the car ran road blocks near Thrifty Acres in Holland Township; at 112th Ave. and Lakewood Blvd.; at Fairview Rd. and M - 21 at Zeeland and at 72nd Ave. and M - 21 between Zeeland and Hudsonville where speeds reached 100 miles per hour.

Deputies said Smedley's car went out of control as it attempted a turn from M - 21 in Hudsonville and the driver was apprehended.

One Ottawa County cruiser was damaged when it was sideswiped along M - 21 east of 72nd Ave., after an attempt was made to stop the car.

Deputies were assisted in the chase by Holland police and Zeeland police.

Zeeland Teacher Talks Break Off

ZEELAND — Mediation between the Zeeland Education Association and the Zeeland Board of Education has broken off and the teachers have scheduled a meeting Thursday to discuss the situation, ZEA president Bob Vander Zwaag said.

Among the key issues still to be resolved in bargaining for a new contract are economic issues, Vander Zwaag said.

Both sides met with a state labor mediator three hours Monday before talks broke off. The ZEA said no progress was made at the meeting with mediator Wheeler Witte.

Bill Robertson, the chief negotiator for the teachers, said a wide range of issues has been resolved since talks began July 19. The ZEA represents 120 teachers in the Zeeland school system.

Crowds Up For Outdoor Art Show

Despite light rains in Holland in early morning and late afternoon, the 7th annual Outdoor Arts and Crafts show in Centennial Park attracted larger crowds than ever before, co-chairman Kim Oudman said today.

With 312 registered artists, the outlay covered a broad field of 28 different arts and crafts. In the rain, many exhibitors were well prepared to protect their products, but there was a call for "nearest hardware store" where plastic is sold by the yard. Some exhibitors even had their own tents.

Sales were definitely up from previous years, with a large share of local residents out to buy instead of just looking. In the rain, most objects were sold with their own plastic protectors.

Oudman noted that over the years, trends have gone more to crafts than fine arts. Many artists still display their paintings, but the market for leather, jewelry, macrame, rockcraft, needlework and pottery is definitely on the increase.

In seven years, it was the first time the local outdoor show encountered rain.

Exhibitors came from many states, one as far away as Arizona.

The show was sponsored by the Holland Friends of Art and the Holland Recreation Department, Co-chairmen were Oudman and Mrs. Dan Miller, assisted by Wilma Reed, Joe Folsom and Mrs. Rick Robbert.

Zeeland Council Agrees to Repair Damaged Lawns

ZEELAND — City Council Monday agreed to correct lawn problems in a portion of the completed Southwest sewer project.

The city superintendent was authorized to prepare and take bids on lawn repairs east from 100th St. to Taft St. and the streets between. The work is to begin early next month.

Council set a public hearing for Wednesday, Aug. 25 at 7 p.m. on proposals for federally assisted sewer projects for Zeeland City and Zeeland Township 201 facilities planning area.

Council approved \$9,000 or 42 percent, which ever is less, north parking lot. The balance is to be paid by the Chamber of Commerce.

Also approved were the purchase of a tractor for John Hoeksema Inc., for \$950 for the cemetery and a mutual fire aid agreement with Zeeland Township.

The time for the sounding of the fire alarm siren is being changed. Council approved changing the time from the current 6 p.m. siren to a noon siren Monday through Saturday. The time change was necessary because personnel were not available at 6 p.m. to activate the siren under the recently enacted central fire dispatch system with the sheriff's department.

Cars operated by Kurtis Jack Potter, 22, of 430 104th Ave., and Janice Lee Harper, 18, of 15747 Greenly, collided Tuesday at 2:13 p.m. at Eighth St. and Fairbanks Ave. Police said Potter was westbound on Eighth and the Harper car was northbound on Fairbanks.

HEA and Board Make Statements

School Contract Negotiations Seen

The way seemed clear today for serious negotiations between the Holland Board of Education and the Holland Education Association on reaching a master contract before the opening of schools in September.

With the arrival of the HEA package of proposals at 1:10 p.m. Monday, expressions at the monthly meeting of the Board of Education Monday night by both sides indicated all might be well by the opening of school.

Some 50 teachers attended the board meeting which was transferred to the gymnasium room in the Apple Ave., administration building. But only one teacher spoke publicly on the pending contract.

Earlier in the meeting Board Member Marilyn Feininger expressed concern over the many school millage defeats in Michigan this year and suggested a millage rundown at the September meeting in an effort to learn early what the prospects are for next year when a millage election is imminent. She pointed to the successful drive for a new Junior High School in June and said there is public support for the school system and then pleaded for good faith on negotiations of the board team and the HEA negotiating team to resolve their differences quickly and preserve a good public image.

Roger Plagenhoef, HEA bargaining chairperson, said, "We concur with Mrs. Feininger with respect to the need for quality bargaining in the very near future. However, we desire to correct the misconception that the board team did not have any of our proposals to bargain.

As a matter of fact, they have had six of our proposals for several weeks, but have refused to negotiate them without seeing our entire package. This point and others we contend are illegal negotiating practices.

"In a good faith effort, we have now submitted our entire initial package and are currently waiting for the board team proposals. We have planned for a concentrated bargaining effort this week and sincerely desire to reach an agreement on a master contract before the time school normally begins."

Board President Charles L. Bradford Jr., then stated: "The Board of Education has been closely following the course of the district's negotiations with the Holland Education Association over the past 3½ months. To say that there is a lack of progress would be a gross understatement, when in fact, earnest negotiations have not yet begun. We are deeply concerned."

"It is our earnest desire to have a contract settlement before school begins. To start school with an unsettled contract is not healthy for the community, the schools, and (most important) the students."

"This board and its individual members respect and support our teaching staff, individually and collectively. We feel the approach to negotiations which is apparently being employed by the HEA team with all its strategy and tactics (such as unfair labor practice charges)

is totally unnecessary and is injurious to the school community of which the teachers are a most important part.

"We suggest the time for straight forward and forthright professional negotiating is long overdue. Therefore, we hope the HEA leadership will understand our concern and will react in a responsible fashion accordingly."

The statement of Jack H. Lowe, chief negotiator for Holland public schools was longer.

"In the last several days there has been a great deal of discussion about the current state of negotiations and the background of the negotiations between the HEA and the school district.

"This brief report is submitted in an attempt to eliminate confusion and to answer questions that have come up.

"Since negotiations began April 29, 1976, there have been 11 bargaining sessions to date. In an effort to make progress, the board has expressed its willingness to meet as frequently as needed.

"The board team has repeatedly requested receipt of the HEA proposals in order to enable the board to evaluate such proposals and be able to respond.

"On June 3, 1976, with the help of a state mediator, the board again requested a copy of the HEA proposals. As the board stated to the HEA in its written communication of June 3, it seemed logical to expect the HEA to tell the board what the HEA was seeking to change in the current agreement so that the board could respond.

"The HEA failed to provide its proposals and continued in such posture until Aug. 3. At that time the HEA filed a claim that the board was not bargaining in good faith.

"In connection with that charge, the attorney for the HEA, on behalf of the HEA, offered to submit the proposals of the association to the board for its review. This was done in a letter dated Aug. 3. It was the first time since negotiations began that such an offer was made by the HEA. If the HEA had followed this approach last April 29, as the board suggested, we believe that negotiations would have been much further along towards a solution.

"In a subsequent meeting of the board and HEA team Aug. 10, the letter was discussed and a request again made by the board team that the proposals be presented. The HEA again declined. For your information the HEA did deliver their package of proposals at 1:10 p.m. this afternoon. Now there will be a board response and hopefully eventual agreement on a mutually satisfactory basis.

"The school district does not believe it was unreasonable or illegal to expect the HEA to submit its list of proposals for review and response. We regret that negotiations have been delayed so long because of the posture of the HEA and we hope that none of this will interfere with a speedy and satisfactory solution to the negotiations."

All three statements took less than 10 minutes.

County To Seek Funds For Building

GRAND HAVEN — Ottawa County Commissioners Tuesday agreed to seek federal funding for an expanded county building program. The action followed nearly three hours of debate on the wording of a letter to be sent to a federal agency.

The afternoon session, a continuation of the regular August session, came after the improvement committee met in the morning to study the wording of a proposed letter but failed to reach a recommendation.

The proposed funding comes under the recently passed Economic Development Act, part of a public works jobs bill passed over President Ford's veto but for which no funds have been appropriated.

Title I of the program would provide \$2 billion for public works projects if funds are approved.

What started out as a letter with specific details for a county building program was boiled down into a letter of generalities which allowed options to the building program.

The letter of intent to seek federal funds calls for \$3,750,000 for an additional law enforcement building and honor camp to house 40 inmates and a structure to replace the outdated Community Haven facilities at Eastmanville which houses 54 persons.

A law enforcement building was recommended in a study completed in 1974 and commissioners had set aside funds for the facility suggested for the Allendale area but construction has not been started.

Replacement of the Community Haven has been proposed by the Department of Social Services but county funds have not been available.

A motion to send the letter of intent was approved on a six to four vote with commissioner Eunice Bareham absent.

The matter of the projects themselves was referred to committee for study into cost of operating the proposed facilities.

The next step in seeking the federal funding is to make formal application and commissioners were told the necessary forms may be available next week.

County federal revenue sharing funds have been set aside for the construction of a law enforcement building and new county offices in Hudsonville and Holland.

Commissioners moved on matters relating to the Holland building project. They approved \$500 for soil borings on land under option.

Commissioner Donald Stoltz said the property is along 32nd St. and Waverly Rd. and envelopes the present Waverly Rd. fire station property on the northeast corner.

The land under option includes about 12 acres and stretches mostly along 32nd St. east of the fire station but includes a short piece of land that fronts Waverly Rd. north of the fire station.

FIREMEN IN ACTION — Holland firemen, using their aerial tower truck, doused a fire in the exhaust system at Northern Fibre Products Co., 50 West Third St., Monday at 4:47 p.m. Officials said the fire began in a machine and spread to the ducts. Damage was said minor. Firemen were called to an area of Floral and Myrtle at 8:50 p.m. Monday where a garage was believed on fire but a small pile of brush was burning and created smoke.

Block Picnic Is Held By Zeeland Residents

Residents of West Cherry Ave. in Zeeland held a block picnic last Wednesday. The street was closed for the occasion. Tables were set up in the street for the buffet supper. Each family provided a hot and cold dish. Forty-six attended.

The Rev. Leon Rowland led prayer.

Volley ball and badminton games were played and a sing-along was held around a camp fire, with Mrs. Marge Newenhouse playing the accordion. "Happy Birthday" was sung for Willard Claver, who recently celebrated his 83rd birthday.

Cornies Corner

Early this month, the Michigan Tourist Association printed nearly a quarter million bogus dollars, each one for four billion dollars, signifying the \$3.91 billion dollars which the tourist industry is expected to generate in 1976, making it Michigan's second largest industry.

The bogus bill pictured Steven T. Mason, first governor of the state of Michigan, and the design included the state capitol, the state flower the apple blossom, and the state seal.

But then the problems started. One of the bills was placed in a money changing machine in Grand Rapids and the machine spit out change. This occurred in only one machine which since has been re-adjusted to prevent a recurrence.

But to eliminate the possibility it could happen again, the tourist association is asking persons who are circulating the bogus money while paying bills in August to trim the right side of the bills... something that alters the size but retains the message.

In LaHabra, Calif., Bill Hop, former local resident and chief booster of Dutch public relations on the West Coast is busy arranging the eighth annual picnic of former Holland and Zeeland residents to be held Sept. 12 in El Centro Park in beautiful downtown La Habra.

He says the park is located on Orange St. a block north of La Habra Blvd., which is the main drag in La Habra much like Eighth St. is in Holland. Theme this year is "Tell a Friend."

Incidentally, Bill is something of a clearing house in Southern California for local residents moving there. A few days ago he received a call from a recent arrival whose mother had told her to call Bill Hop about the picnic. "She said she hated it here, but I told her everybody does when they first move here, and after going to a Holland picnic and meeting old friends, she will like it. Her only trouble is loneliness," he wrote.

Those thousand people who came to Holland for the National Christmas Tree Convention really enjoyed their stay here. An efficient committee spent close to two years planning the event, resulting in a smooth running convention which shared a lot of information besides fun for all.

Holland is just the right size for such conventions, and the delegates coming from widely separated states liked walking about the town, chatting with townfolk and shopping. "The clerks were so courteous, and the people so friendly..." many commented.

The visit to Windmill Island Tuesday night was a thoroughly pleasant experience. Seldom have klompen dancers had a more appreciative audience. More than 700 enjoyed the visit and a chicken barbecue.

In Western Michigan, raising Christmas trees and blueberries are closely aligned and often, the operators do both. But blueberry raising is done only in a few scattered places in the United States, among them Michigan, New Jersey and Washington State. And the market is not so broad as some growers would like.

Consequently, persons not familiar with domestic varieties are bug-eyed at the sight of big plump blueberries.

No visits to blueberry plantations were on the program. "We'd never get the people back on the bus," one convention leader said. "But we will have plenty of blueberries around at the climaxed dinner."

Lots of delegates said they were remaining over an extra day to visit blueberry farms and buy blueberries or pick their own.

MIAA Grid Coaches Pick Hope to Follow Albion

GRAND RAPIDS — Defending MIAA football champion Hope College was picked to finish second by the league coaches at the annual Press Day Thursday at Calvin College.

Albion College which tied Hope last year, was tabbed as the team to beat in 1976. The coaches picked Alma to finish third, Olivet fourth, Adrian fifth and Kalamazoo sixth.

Al Deal, the MIAA commissioner welcomed the media. Deal said that Calvin will be the host school for the NCAA Division III track meet next May. Ed Moses, the Olympic hurdles champ at Montreal, may compete in the strong competition.

Coach Ray Smith at Hope, has 85 players listed on his pre-season roster which includes 43 freshmen and 26 returning lettermen.

The Dutchmen offense this fall will be led by veteran tailback Kurt Bennett and all-league fullback Bill Blacquiere.

Bennett, a senior from Zeeland, should become Hope's all-time rushing leader during the campaign. In two seasons he has rushed 2,091 yards in 454 carries. The Hope career record is 2,338 yards in 501 rushes. Blacquiere, a junior from Kentwood, last fall scored 11 touchdowns while rushing for 770 yards in 160 carries and catching 10 passes for 134 yards.

Other returning all-leaguers include offensive ends Dave DeZwaan, a senior from Wyoming, and Dave Teater, a senior from Columbus, Ohio, offensive linemen Dewey Thompson, a junior from Spring Lake, and Tom Richards, a senior from Greenbelt, Md., and defensive back Rick McLouth, a senior from Whitehall. Junior center Dave Zessin of Detroit, was an all-MIAA honorable mention selection last fall.

Co-captains of the 1976 Dutchmen are Lewis Ten Have, a senior from Hudsonville, and John Smith, a senior from Columbus, Ohio.

Also returning are three-year lettermen Tom Barkes, a senior from Mishawaka, Ind., and Bob Coleman, a senior from Grand Haven.

The Dutchmen must find a replacement for graduated quarterback Tim Van Heest, who was the league's most

valuable player a year ago. A major rebuilding job will also be necessary on the defensive line and in the team's kicking game.

The non-league schedule this fall consists of an all-Hoosier lineup. The Dutchmen travel to De Pau University and Wabash College on the first two weekends of the season before opening at home on Sept. 25 against Indiana Central which last year was ranked nationally in NCAA Division III. The season ends at home Nov. 6 against Valparaiso University, a team Hope has never beaten in football. A five game home schedule includes three potentially tough MIAA battles against Olivet, Alma and Albion.

The Hope jayvee team, which has been undefeated the past three seasons, will play a three-game schedule including home contests against Grand Rapids Junior College on Sept. 13 and Albion on Oct. 18.

Holland area players listed on Hope's roster include Ross Nykamp, John Bonnette, Ron Brondyke and Todd De Young of Holland, Rick Bushee of Fennville and Bill Dykema of Zeeland. Doug Koopman of Hamilton, is listed at tackle.

Switch Nels

Coach Ed Baker of Kalamazoo College, the dean of grid coaches in the MIAA, indicated that Fred Nels, a three-year starter from West Ottawa, will be switched from offensive tackle to offensive guard.

Baker has three experienced players at quarterback. They are Neil Trolas, Tim Bremer and Rod Dillon. Dillon and halfback Kevin Moody and receiver Bruce Curry will serve as tri-captains.

Moody was the Hornet's top ground gainer last season and Curry led 'K' in pass receiving. Kalamazoo also has a fine offensive lineman in 260-pound Lionel Vanata.

Mast to Start at Alma

Doug Mast, a senior from Zeeland, is expected to start at defensive end at Alma College this fall.

Coach Phil Brooks has excellent gridders in guard Marv McKay, backs Bob Hamilton, Stan Izykowski, Morley Fraser and defensive tackle Tim Jank.

"On paper, we're as strong as we've ever been in my five years at Alma," said Brooks, who returns 36 players from his 6-3 1975 squad.

New Coach at Olivet

Robert Friedlund, who replaced Doug Kay as head Olivet College football mentor.

Friedlund played end at Michigan State and was captain of the Blue team in the Blue-Gray post-season football game. He played professional football with the Philadelphia Eagles.

Tri-captains for the Comets are guard Jim Cherven, linebacker Rick Corser and back Jim Crocker. Other standout backs are end Tim A. Baker, back Tim E. Baker and quarterback Rick Kesteloot.

Adrian Should Be Improved

Adrian will have 12 offensive veterans and 13 defensive lettermen among the 46 returning letterwinners. The underclassmen will be joined by 37 freshmen, many of whom were outstanding high school players, according to Coach Tom Heckert.

The Bulldogs have good size in Ron Vargo, Paul Bucar and Marty Briden and a good receiver in tight end Brian Hoshet. Matt Treais will battle Paul Downs for the starting quarterback spot.

Junior Dave Markle, who kicked the longest field goal in league history—49 yards against Alma in 1974 also returns.

Team to Beat

The Albion Britons have 25 returning lettermen, including four All-MIAA players in Junior Schaefer, offensive tackle, linebacker Frank Carr, halfback Tim Comston and defensive Coach Frank Joranko and tackle Steve Spencer.

his team expect an added boost in morale with the opening of the new Sprankle - Sprandel Stadium, designed to seat 2,100. The new stadium, replacing the old bleachers and offering improved players' and coaches' locker rooms, will be dedicated at the Oct. 16 homecoming game.

Other returning top Briton gridders are backs Kevin Nixon, Rick Smith and Dave Abbott and linemen Harry Otis, Ron Wasczenski and Kurt Wiese.

TROUBLE WITH LANGUAGE

Insurance companies have never been known for clarity. But they are now trying to do better, cutting down the length of the policy, substituting more common words for the verbose language so common to their mode of writing, and even talking about trying to reach a certain grade level.

Nationwide Mutual Insurance Co., has simplified its auto policy and claims to have brought the reading level down to the 10th grade level. We think this is a good attempt, but not enough. Recently the people who publish the volume "How to Read a Book," which is directed to college students, found it necessary to scale down the reading material. The problem was that college students could not understand the material. They brought the reading material down to the 9th grade level, for they were convinced that anything above that level would give the college student difficulty. So there you are. If people who write for college students must get down to the 9th grade level, we suggest, and with good sense, that insurance people will have to get considerably below the 9th grade level.

Can this be done? Of course it can. Recently a commencement speaker at a college delivered a speech that had good content and was written in one syllable words. It can be done, but then you do have to know language. And there is the problem. To write clearly one must know his native tongue.

Council Revises Sewer And Paving Assessments

After studying paving and sewer costs over a period of several months, City Council Wednesday night approved revisions to the sanitary sewer and paving assessment policies.

Both improvements have been subsidized for several years, Mayor Lou Hallacy explained. A few years ago the cost for sanitary sewer installation was \$900 per assessment, then boosted to \$1,000 and then to \$1,200, with costs now increasing, the new figure is \$1,500, with the city still subsidizing installations 25 to 33 per cent.

It was explained that the subsidy was decided at a time when many areas in newer parts of the city had severe drainage and septic tank problems.

For several years, the paving assessments have been set at \$10 per front foot, but costs have escalated to \$24.60. With a subsidy of 25 to 33 per cent, rates would be \$18.50 to \$16.48, but the city manager recommended \$15 per foot which would leave the city subsidy at 39 per cent.

Councilman Don Oosterbaan suggested a boost to \$12.50 the first year and \$15 the second year, and his motion carried. Councilman Ken Beelen expressed sympathy for the "working man" already beset by heavy costs to carry the extra burden.

In other business, Council granted a request from the Louis Padnos Iron and Metal Co. for city water service to its new brickquitting equipment to be installed at the west end of its property west of Pine Ave. and north of Seventh St.

A city manager recommendation that parking be prohibited on the south side of 22nd St. from Van Raalte Ave. to Washington was tabled until the next meeting.

A request of the Hospital Board to declare property at 185 West 25th St. surplus was approved. It was stated this is the last property needed at this time for new parking development.

Council approved low bid of Elhart Pontiac - AMC for two sedans in net amount of \$7,290 and low bid meeting specifications of R. E. Barber Ford for two station wagons in net amount of \$8,429.

Claims against the city from Bastian N. Bouman, Jeanette Kenbeck and Charles Vande Water were referred to the city attorney and the insurance carrier.

Final payment of \$25,140.82 for the 64th St. resurfacing project was approved. Total cost of construction was listed as \$128,095.17.

Council approved paving the alley on the east side of Washington Ave. to provide access to offstreet parking lots at a cost of \$243, but tabled paving a drive to connect the drives of the new Parks and Cemetery.

Frivolity, Grammar Mix In Class for Vietnamese

by Ann Hungerford

"Wine and honeymoon . . . very happy words," Le Vu Thi Huong bubbles.

Evidently more than the others in her class, Huong, the scintillating 23-year-old matron, has grasped some of the less refined points of the English language.

As other members enunciate the types of fruit they favor for "I like bananas," to "I like pineapples," Huong has fermented her fruit, declaring "I like wine."

The class halts. Once again the mischievous Vietnamese mother of one has broken up her friends and teacher.

Soon the discussion evolves around an absent couple from the class who are traveling.

"Maybe they on honeymoon," Huong giggles.

West Ottawa Appoints 4 To Staff

Four staff appointments were approved by the West Ottawa Board of Education Monday night.

Jane Cole, a graduate of Michigan State University, will teach high school physical education and swimming; Janet Parkin, a graduate of Taylor University, will teach middle school physical education; Debra Kane, an Eastern Michigan University graduate, will teach speech therapy and Cynthia Downer, a Central Michigan graduate, will teach middle school mathematics.

Supt. Brad Henson stated that none of the four staff appointees have previous teaching experience. Henson also informed the board that two positions have not as yet been filled.

Henson reported that the bid of Bouwman's Septic Tank service of Holland for the high school drain field was accepted for \$25,795 and completion is expected on or before Sept. 7. Henson stated that the bid was approximately \$10,000 lower than the earlier estimate.

Senior citizen passes are printed and now available for persons 65 years of age and older, Henson told the board. The passes entitle senior citizens to attend all regularly scheduled home activities free of charge.

Members of the board were also encouraged to attend sessions of the Michigan Association of School Boards scheduled for November in Grand Rapids.

Legislation involving tuition changes which will require a charge of full per pupil expenditure is expected to be mandated this year according to action taken by the legislature. Henson said that six students in the school system last year were expected to be involved have been contacted.

Asst. Supt. Peter Roon reported that the district has applied for funding of the school year migrant program for \$31,035, the funds to include the costs of two teachers and three aides.

Roon also reported on the three year comparison of Michigan assessment in West Ottawa noting the district's fourth and seventh graders, in most instances, outperformed students for the total state somewhat in 1973 - 74 and that during 1975 - 76 students outdistanced the state students on nearly all of the objectives and did so by a greater degree than in previous years.

Roon also cautioned that learning abilities of a group of students within a grade during a particular year may be exceptionally good as a total group or the students may be low performers as a total group and that such conditions would have an effect on the group results.

In other action the board formally approved the trade of ten acre parcels of land with Nicholas and Elizabeth Dekker.

At 6:15 p.m. Thursday vehicles driven by Chester Joseph Stuve, 62, of 700 Wildwood, and Keith Marvin Walker, 56, of 142 East 15th St. collided as the Stuve vehicle backed onto Michigan Ave. from a drive at 653 Michigan. The Walker car was traveling north on Michigan.

History of Lace Told at Potluck Of Etta Fox Group

Etta Fox Chapter of Quilters met Monday at the lake-side home of Mrs. Henry Stefens to enjoy a potluck luncheon. Mrs. Stanley Curtis presented an interesting program on "Lace."

Lace is believed to have developed from embroideries in the Islands of Greece and introduced into Venice as early as the 15th century. Of all the industries there is perhaps none so valuable as that of lace making. Pictorial Art is a valuable source of information on lace making.

The extreme costliness of lace and the painstaking toil required in its making before the invention and perfection of lace-making machines, have made possible the mammoth lace industry of today.

On these machines many thousands of yards of lace can be woven in less time than a half hundred workers can make a few inches of handmade lace. Some of these machines make lace that is so exquisite in beauty and design that it is difficult to distinguish them from handmade lace.

More than 100 years ago Americans began to create lace and have been making it by the yards ever since. American knit and crochet lace was brought to the United States in the 1840's by the great exodus from the famine riddled countries. This is American history through the eye of the needle. Lace is mentioned in the Bible many times.

Handmade laces are still made all over the world but their production in quantities is confined to France, Belgium, Spain, Ireland, Italy and England. In 1818 the first lace factories were built in America. Some day collectors will value American laces as now they value laces of the 17th and 18th century.

Mrs. Curtis displayed her extensive collection of laces, many of them imported handmade lace. Among the items were Dutch caps, tablecloth, doilies, a child's dress, knitted laces and collars. Also displayed was a handmade lace bedspread and pillow shams and a Belgian-made lace wedding veil.
